

2010: Into the Fields

In 2010, the women's ministry will focus on studies that support our theme: "Into the Fields".

Compelled by Love: A Journey to Missional Living

is an introduction to the missionary heart of God and the motivation behind sharing our faith.

Lord, Is it Warfare? Teach Me to Stand

prepares us to face the inevitable spiritual warfare that will arise as we share Christ this year.

In late Spring and Fall, we will move to topics of study that would be appropriate to invite a friend to, such as Boundaries, Lies Women Believe, Poverty etc.

To Register:

Sign up on the church bulletin board or call the church office.

Child Care:

When you register, please indicate whether you need child care and state the ages of your children. We will try to accommodate all child care needs.

The Bible is God's revelation of himself to us, and by seeking its primary message, we can better understand what it is saying about us and the life God calls us to.

You see needs all around you. Some people are physically broken. Others are emotionally devastated. Many are overwhelmed by circumstances. And they all need the Savior. What will it take to reach out and share God's love with those who desperately need it?

This study will help you with the very heart of God—the compassion, mercy, and love that drove Him to sacrifice His Son for your salvation. Discover how you can join God on mission, sharing His love with everyone you meet, everywhere you go. By gaining a missional perspective on life, you can make a difference for the glory of God.

Yes, there's a war going on, and the devil does everything he can to defeat us with lies and fear. But you can learn how to resist him and be more than a conqueror through Jesus Christ. Learn the battle tactics of your enemy and discover scriptural ways to overcome him by turning to Christ for strength, power and victory!

This 11 lesson devotional study teaches Kay's inductive method, but in a much simpler form than the *Precept upon Precept* studies. The book is divided into five daily home assignments that take about 15-30 minutes to complete. Discussion sessions include a teaching video by Kay.
